

Sandra Routhier, RHIA, CCS, AHIMA-Approved ICD-10-CM/PCS Trainer and Ambassador

Sandy is an HIM and Coding Consultant. She has 30 years of experience in health information management, revenue cycle, coding, clinical documentation improvement, project management and information systems. Sandy is a Registered Health Information Administrator, Certified Coding Specialist, and Approved ICD-10-CM/PCS Trainer and Ambassador through the American Health Information Management Association.

In her role as a consultant, Sandy performs inpatient MS-DRG validation and coding audits verifying the quality of coded data and supporting clinical documentation and making recommendations for improvements. Sandy provides education to coding professionals, CDI staff and physicians. Additional responsibilities include assisting hospitals with operational improvements, ICD-10 training and preparations, and appeals to third-party payer denials including those from recovery auditors. Sandy is also the contributing editor for MedLearn Publishing's Getting It Right Upfront monthly newsletter, authors articles for publication, and creates and presents webcasts on various HIM and coding-related topics.
